

CENTRAL KAROO DISTRICT MUNICIPALITY

SECTION: MUNICIPAL HEALTH SERVICES

RATES: 2017/18 FINANCIAL YEAR

Rates are based on actual cost;

Calculations were done on an EHP salary, including fringe benefits before the new budget year, plus a percentage increase (6%) and then rounded to the nearest R10.00;

Rates are determined by the time spend on a service - R230 = full hour, R115 = half an hour and R60 for quarter of an hour;

With the rounding the 6% decreased to 4.55%;

In the previous book year the NHLS Laboratorium closed in Cape Town and samples were redirected to Johannesburg with a lot of difficulties and the credibility of the results were in dispute. The NHLS provided their own transport and did not ask VAT on the services rendered. With the change to Merieux Nutri Science the CKDM has to pay for the courier and VAT that brought higher costs to the CKDM and client, where applicable.
